

# How to get your qRules upgrade: - free upgrade and renewal

This document describes step-by-step how to download the latest version of qRules, or get renewal with discount price

## Requirements

- You are eligible for:
  - **Free qRules upgrades** for **365 days** (qRules 4.x) or **180 days** (qRules version 3.x) from the date of your purchase.
  - **Renewals at a discounted price** if you have previously purchased qRules.
- You can only download the latest version of qRules from the Qdabra web store if you **purchased qRules via the web store**. If you purchased qRules directly from sales, please contact your Qdabra sales representative or send request via <http://www.qdabra.com/en/corp/ContactUs.aspx> form.
- You will need the email address and password that you used for your web store purchase.

## How to check if you are eligible

1. Visit the [Qdabra web store](#), go to **My Account**, and log in using the account with which you previously purchased qRules.
2. Click [Orders](#)

3. Your order history will be displayed on this page, including your date of purchase.

## How to get the free upgrade package

1. Check if you are eligible for a free upgrade.
2. Visit the Qdabra web store, go to **My Account** and log in using the account with which you previously purchased qRules.
3. Click My [Downloadable Products](#)

4. Your list of **purchased products** will be displayed on this page. The software files get updated with each new qRules release, but this page shows only the version you purchased. **Click Download to access the latest version.**

|--------|----------|--|--------------------------|

## How to get the discounted renewal price

1. Check if you are eligible for renewal with discount price.
2. Visit the Qdabra web store, go to My Account (<https://www.qdabra.com/webstore/account.aspx>) and log in using the account with which you previously purchased qRules.
3. Go to the qRules page from InfoPath Tools > qRules.
4. If eligible, your price automatically shows the discounted renewal price.

### qRules v5.2

#### Single Developer License – 1 Year License

- qRules license valid for one developer
- Free unlimited forum support
- Free weekly webinars

Price: \$595.00

Your price: **\$355.00**

Qty:  [Add to cart](#) [Add to wishlist](#)

- If you believe you are eligible but the discount does not appear after logging into your account, please contact your Qdabra sales representative or send request via <http://www.qdabra.com/en/corp/ContactUs.aspx> form.

## Tips

- Uninstall older versions of qRules prior to installing the latest version of qRules.
- Forms injected with a previous version will continue to work because they have had the qRules DLL injected into the template. This means **you are not required to upgrade your forms to the latest qRules unless you wish to use the new functionality**. To take advantage of the new commands or fixes, you'll need to re-inject qRules into your form. Re-injecting the form upgrades the version of qRules used in your form but does **not automatically update the commands**.
