

Privacy Policy for FormsLauncher

Last updated: February 28, 2025

Introduction

This privacy policy describes how Autonomy Systems ("we", "us", or "our") handles information when you use FormsLauncher application ("the App"). We are committed to protecting your privacy and ensuring transparency about our data practices.

App Description

FormsLauncher is an app that:

- Configures SharePoint document libraries to use FormsViewer
- Enables opening FormsViewer forms directly from SharePoint libraries

Information Collection

FormsLauncher is designed with privacy in mind and operates within your SharePoint environment. The App itself does not collect, store, or process any personal information. It does:

- Request necessary SharePoint permissions to configure document libraries (including read/write access to library settings)
- Process form configurations within your SharePoint site
- Facilitate communication between SharePoint and FormsViewer

The App does not:

- Store any user data outside of your SharePoint environment
- Track user behavior or usage patterns
- Collect analytics or telemetry data
- Collect any system logs or operational metadata outside of SharePoint's native logging functionality

Please note that while our App does not collect logs, SharePoint itself maintains standard system logs of activities performed within your SharePoint environment, including actions performed by

FormsLauncher. These logs are managed according to your SharePoint configuration and Microsoft's privacy policies.

Cookies and Tracking Technologies

FormsLauncher does not use cookies or any similar tracking technologies. We do not track, collect, or analyze user behavior or usage patterns.

How We Use Information

Since we do not collect any personal information, we do not use, share, or process any user data.

Data Storage and Security

As we do not collect or store any personal information, there are no data storage concerns related to personal information.

For security measures:

- All communications between FormsLauncher and SharePoint are secured using standard SharePoint security protocols and encryption
- The App operates within the security framework provided by SharePoint
- We follow industry best practices for secure application development and regularly update the App to address any potential security vulnerabilities

Third-Party Services

The App does not integrate with any third-party services that would collect personal information.

User Rights

Under various privacy regulations (such as GDPR and CCPA), users have certain rights regarding their personal data. Since FormsLauncher does not collect, store, or process any personal information:

- Rights related to data access, correction, deletion, and portability are not applicable with respect to our App

- For data that may be stored within your SharePoint environment as a result of using our App, please refer to your SharePoint administrator or Microsoft's privacy policies

If you have any questions regarding your data rights, please contact us using the information in the "Contact Us" section below.

Children's Privacy

Our App does not collect information from anyone, including children under the age of 13.

Changes to This Privacy Policy

We may update this privacy policy from time to time. We will notify users of any changes by posting the new privacy policy on this page and updating the "Last updated" date at the top of this policy. We encourage users to periodically review this policy for any changes.

Contact Us
